Two Teen-Age
Boys Who Live
Like Kings

FOLTER FROM JUNIOR, N.Y.—Gerald (Moose) Fleming, 21-year-old son of the Premier of New Brunswick, reports to Manager Fred Hutchinson, (right), for a tryout with the Detroit Tigers. Tiger officials were enthusiastic about his chances to make the grade. Hutchinson says the boy "has a good arm and can run and hit the ball." Fleming, who hails from Juniper, N.B., has been sought after by many major league teams. He is expected to sign with the Tigers and may be sent to one of their chain teams for seasoning.

TWO AUSTRALIAN STEWARDESSES who made Canada their first stop on an aerial hitchhike around the world because of a radio commercial advertising "Canada for laughs and mirth" are currently engaged in adventures with TCA. The girls, who make Europe their next call when the travel bug bites again. In the photo above, taken in their Montreal apartment, Zena Hutchinson cooks while Jennifer Johnston sits.

BRENE WORTH, the American-born British actress who has come from the Old Vic Theatre to play the feminine leads with Alec Guinness in the two Shakespearean plays at the Stratford Festival, is seen here chatting with Mrs. Anderson, a member of the Festival's board of directors, soon after her arrival in Stratford to begin rehearsal.

FOORMAN—New York potterman Leonard Richardson is quite happy to demonstrate the "open door policy" when the person involved is someone as attractive as Betty Wounger. The lady caught her head in a subway turnstile, as seen above, and Patterson Richardson of the police emergency squad freed her.

Self-consistently, 18-year-old King Hussein I of Jordan describes an officer.

Teen-age King Fahd of Iraq stands at attention in full uniform and salutes as Premier Abdul El Mufid, (at left), and a soldier, (at right), watch.

TWO TEEN-AGE BOYS WHO LIVE LIKE KINGS—At an age when most American boys are planning dates, dances and going to the family car, two young men of the Middle East are having the burdens of mature men thrust on their youthful shoulders. Sometimes the task is hard, and try as they might to seem stern and formal, they often slip and wear looks of pained, bewildered discontent. Uniforms are stiff and uncomfortable, you have a way of heading under cuffs while the court stands at attention and a soldier waits to be decorated. There is nothing to envy in the woe-gone look of a boy king.

DOCTORS IN CIVIL LAW—A distinguished American, a British soldier-diplomat and four Canadiana pose with officials of Bishop's University after receiving honorary doctorates in Civil Law at a colorful Commencement. Seated, from left to right, are: Henry Chubb Lodge, Jr., U.K. delegate to the United Nations; John Bassett, Chancellor of Bishop's; and the Archbishop of York, U.K. High Commissioner to Canada. Standing in the same order are: Mary Fotheringham, Viceroy's mother of Laval University; Dr. Roy William L. Wright, Lord Bishop of Montreal; Dr. A. B. Jewett, principal and vice-chancellor of Bishop's; James Muir, president of the Royal Bank of Canada; and Robert W. Pile, president of the Royal Canadian Academy.

MONTREAL HERE WE COME—Setting off to see the sights of Montreal are some of the 56 British girls who are in Canada as guests of Garfield Weston. The girls, all between the ages of 17 and 18, arrived in Quebec City and toured the old French town and after their tour of Montreal, they visited Chateau, Sudbury, Toronto, and Niagara Falls.

ST. LAURENT IN WAX—Bernard Tunnard, a descendant of the Madams Tarnoff of waxwork fame, carries on the tradition at the firm in London. Completing a bust of Prime Minister Louis St. Laurent, he is watched by two members of the R.C.A.P., Sgt. Roger Rascal, of Ottawa, and LAC Robert Parr, Montreal.

SCENE SHOOTER—Fighting nights with his specially built gun-camera, Werner Wuerch, West Berlin magazine photographer, is able to make rapid-fire takes on 35-millimeter film. The camera is adapted to long shots with a strong lens attached to the end of the "gun barrel."

CUTE TRICK SHAVER—Five jokers got up very early in the morning and Bill Gordon, player here on Cleveland, Ohio, Radio Station WJLB, is no exception. He awoke shaving time, however, with the help of a cute trick of a little shaver who scrapes the stubble off his cheeks just before an air. Seen above, Bill watches in a portable mirror while pretty Patty Howe clips his wind-blown hair. "I'm a better-looking person," says Bill. "I could do it myself," says Bill. "But Patty does it better."

RUDWORM CITY, N.B.—Two planes taking part in "Operation Rudwurm," a forest surveying project involving two Canadian governments, several large pulp and paper companies, 600 men and 70 planes, fly over New Brunswick's spruce forest. The \$3,000,000 effort to kill the bug, usually a harmless parasite, who in recent years has appeared in epidemic numbers and threatens to turn the area into a wasteland of dead trees.

UNEMPLOYMENT INSURANCE BENEFIT PAYMENTS CONTINUED DURING ILLNESS

EFFECTIVE AUGUST 3rd, 1953

Benefit will be paid for days of illness, injury or quarantine, if claim has been filed and waiting and non-compensable days served.

If you are on claim and are unable to report because of illness, injury or quarantine, write immediately for full particulars to the nearest

NATIONAL EMPLOYMENT OFFICE

UNEMPLOYMENT INSURANCE COMMISSION

Headed by authority of
HON. MILTON F. GORDON, Minister of Labour

TENDERS

Sealed tenders, addressed to the undersigned and endorsed, "School at Carbon," will be received up to 12 noon, Wednesday the 12th of August, 1953, for the construction of a four classroom school and grammar, in accordance with plans and specifications prepared by Alfred W. Hodges and Maxwell Bates, Associated Architects, of Calgary.

Plans and specifications may be obtained from the undersigned by General Contractors, upon payment of a deposit of \$25.00 for one set, which will be refunded upon return of plans and specifications in good condition. For the benefit of Sub-Contractors one set will be on view in the office of the Secretary-Treasurer at Drumheller.

Tenders must be made out on the form supplied with the plans, and accompanied by a certified cheque on a Chartered bank in Canada, payable to the School Trustees for an amount equal to 5% of the Tender. This will be returned to unsuccessful tenders upon the awarding of the contract, and to the successful tender in exchange for a surety bond amounting to 20% of the contract price, to ensure full and faithful performance of the work.

The lowest or any tender will not necessarily be accepted.
A. W. POLAND, Secretary-Treasurer,
Drumheller School District No. 30,
Box 570, DRUMHELLER, ALBERTA.

Local and District

There will be no Baby Band meeting as scheduled for Thursday, July 30.

Messrs. Larkin & Isaac received a shipment of new Massey-Harris Combines the beginning of this week. See adv. on first page.

Mr. and Mrs. Lester Battle, accompanied by Mr. and Mrs. W. T. Howard, of Vancouver, were motor visitors to Edmonton the latter part of last week, returning on Tuesday.

Mr. and Mrs. Art. Ceresiti, and son Doug, of Winnipeg, are visiting friends and acquaintances in Delta and district this week, and are the guests of Mr. and Mrs. Mike Marshall.

Mr. and Mrs. E. Dehner, of Sidney, Manitoba; and Mr. and Mrs. Art Nelson, of Drumheller, were visitors at the home of Mr. and Mrs. D. J. Watters in Delta last Wednesday.

The weather remained unsettled over the week end. On Saturday, an electric storm, accompanied by heavy rain occurred; and again on Monday afternoon. No further hail is reported in this district. The weather has been somewhat cool for this time of year. Clear skies with bright sunshine, prevail at this writing.

Ag. Society Members Plan Brooks Visit

An inspection of the Brooks Horticulture Station, on Wednesday, August 13th, will form the highlight of the annual tour sponsored by the Drumheller and District Agricultural Society. It was announced here at the week-end by Secretary Tom Kempster, of Station Superintendent P. D. Hargrave, will conduct the tour of the station. It was learned, Chairman of Wednesday for the day, made by officials to accommodate any business and professional people wishing to join the Ag. members in the outing.

Members of the tour will leave this city early Wednesday morning and return in the evening, according to present plan. Each group will make their own way over to Brooks where arrangements for the tour of the Horticulture Station have been made.

Searle Precipitation Report

No. 12
Compiled from the Records of 800 Government and Searle Rain Gauges, from April 1st to and including July 21st, 1953.

There was no change in the over all moisture condition of the Prairie during the past week. Saskatchewan fell slightly and Manitoba, because of recent heavy rains, belatedly better condition. The total overall moisture condition for the three Prairie Provinces now stands at 115 per cent of normal, compared with 115 per cent last week and 109 per cent at this time a year ago.

The overall condition for Alberta is now 107 per cent of normal; Saskatchewan 110 per cent; and Manitoba 109 per cent.

The rains which have fallen during the period growing season from April 1st to July 21st in Alberta, have been 122 per cent of normal; in Saskatchewan, 120 per cent of normal; and in Manitoba, 186 per cent of normal.

In Alberta all Crop Districts have enjoyed better than average moisture with the exception of Nos. 10, 12, 13, 14, 15, and 17.

In Saskatchewan all Crop Districts have had better than average rainfall, with the exception of Nos. 7, 8, and 9, which said have less than average rains.

In Manitoba all Crop Districts have had better than average rains; some of them, i.e. Nos. 2, 3, 4, 5, 11, 12 and 14, have had very much better than average rains.

The crop is coming along so satisfactorily, but has had somewhat of a setback in Manitoba because of the extraordinarily heavy rains of the past week. Root is still a factor, principally in Manitoba, although so far it has not increased to the extent it was feared.

Card of Thanks

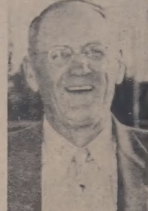

We wish to express our sincere thanks to friends and neighbors for flowers, gifts, cards, many acts of kindness during our stay in the hospital.

Mr. & Mrs. S. A. Elliott.

The Canadian Cancer Society is seeking \$1,600,000 in its 1953 drive

Ponder These Figures!

From 1939 to June 8, 1953, Alberta farmers received \$55,930,455.80 from the Federal Government under the Prairie Farm Assistance Act.

Of this large sum, 11,771,657.27, or almost one-third, was paid to farmers of Acadia Constituency.

This in addition to all other payments and benefits such as Old Age Pensions, Family Allowances, Provincial Subsidies, received by Alberta people from the Government of LOUIS ST. LAURENT.

THESE ARE NOT PROMISES THEY ARE ACHIEVEMENTS

THE VOTERS OF ACADIA CONSTITUENCY have more reason than most to support with their votes the Policies and Platform of Prime Minister LOUIS ST. LAURENT.

On August 10, Therefore -

Vote for ARTHUR M. DAY

This advertisement paid for by the Arthur M. Day Campaign Committee with funds contributed by Dr. Day's friends.

CONSIDERATION FOR INDIANS

THE CEREMONIES of making visiting dignitaries "blood brothers" or "chiefs," usually done under the request of officials or groups, is insulting to the members of the Canadian Indian Tribes. The practice therefore should be stopped.

Adoption by a tribe or the tribute of being made a chief, to the Indian, is a ceremony of the utmost importance. The proper and official ritual to the Indian is far more important than our habit of wearing honorary degrees at prominent universities.

At present hundreds of well meaning white men are making a mockery of two of the most important ceremonies of a proud race of people. The Indians will, on the rare occasions warranting the action, make "blood brothers" and "chiefs" of white visitors meeting the honor.

QUESTIONS
and
ANSWERS
about
Cancer

QUESTION: Is cancer transmitted by clothing and similar materials?

ANSWER: Cancer cannot be transmitted by clothing because there are no germs or other external agents to carry the disease from person to person.
